YOUR NOTES

GENERAL INFO

This publication is for general use only, any pricing and information may change at any time. It would always be best to check prices with the office before placing orders. Due to the nature of importing components from the USA & other countries our prices are governed by the exchange rate & freight charges at the time, as such we reserve the right to alter prices without notice. We will do our best to only having one price change per year.

All prices are RRP based (excluding GST). We reserve the right to make changes to this 'Catalogue / Price List' without notice.

		16 All Other	6-12 Months

ALL CONSUMER RIGHTS ARE IMPLIED AND GOVERNED BY STATE / FEDERAL AUTHORITIES

WARRANTY

In the case of a genuine warranty we will carry out repair or replacement of the product by means of posting a part to the end user or a contractor to carry out repairs. We may decide to carry out the work ourselves. We will do our utmost best to have the work done within 2-5 days. However, when using a contractor, we cannot determine the time, we are governed by them.

WE WILL NOT GIVE WARRANTY ON THE FOLLOWING:

- 1 Improper Installation work by tradesman or others. Our determination is binding on this and we will not pass warranty unless it is proven beyond doubt that fault lies with the product. Including not installing Wall Brackets or mounting kit in the correct manner or flexible hoses as per the hose manufacturer's instructions.
- 2 Wear & Tear and abuse of the product by the end user or using the product outside of the design features of the product.
- 3 Where a third party has decided to install or use one of our products outside the design of said product. Unless we have been involved in the decision making we will not warrant or take back the product.
- 4 If a product has been used and resold as a second hand product.
- 5 **Coloured Taps** do not carry warranty for damage to or chipping, nor wearing of paint. Exception: for when it is noticed when first removing from the box it is packaged in. If that occurs DO NOT INSTALL and notify us immediately, otherwise a claim will not be recognized. Once it is installed, no warranty will be given to this product for this issue other than normal warranty conditions as per chrome tapware.
- 6 **Coloured Tapware** is designed for 'Front of House' (FOH) and as such No Warranty will be given in any form if the coloured taps are used in the 'Back of House' (BOH) operation unless specifically written permission is given by Global Tapware, but item 5 will still apply. However, all care still must be given always. If damage or fault is caused by rough handling no warranty will be given.

LF = Lead Free or Low Lead / L-LB = Low Lead Tap Body / SA = Sub Assembly

LEAD FREE :-

Naturally our Global Fisher & Global Stainless Range of Products fall under the 'Low-Lead' requirement that is soon to become a requirement on all Plumbing Products.

We have started the transition to Low-Lead on our other Tapware Ranges. Already we are making Low-Lead Tap bodies in our Global EC & Global Q ranges. This has resulted in our sudden price increase in these products.

Our Mixers and other brass-ware lines are mostly online with 'Low-Lead' requirement, these will be fully compliant before the due date in 2026.
