TECHNICAL DETAILS:

Materials - 304 S/S

Pedestal Height:- 300mm (Bench Mounted)

Pressure :- max. 500 kpa

Temperature:- max. 40 degree C

* Recommend PRV if in excess.

Flow Controller :- On top of unit is a small Screw Slot to adjust flow rate.

INSTALLATION

Installing is simple :-

Drill a 20- 25mm hole in bench top. Drop ½" bsp thread through hole and use the Flanged Lock Nut to tighten on to bench.

* Make sure the washer is fitted underneath topside mounting flange.

We would recommend using a standard type of water Filter.

Must be installed in accordance with the requirements of AS/NZS3500
